

THE UPFIT YOU DESERVE

TRUCK BED SYSTEM

BEDBOSS

Because your truck should be able to take a hit.

BedBoss is a **no-drill, structural solution** for **safe cargo management**.

Constructed from industrial-grade steel and a thick composite floor it provides structural support during heavy-duty hauling. BedBoss features flexible tie-down points for secure transportation of various cargo, and a unique d-ring mounting system that makes install easy.

THICKNESS

19MM

STRUCTURAL SUPPORT FOR YOUR TOUGHEST JOBS

Most truck bed liner options only prevent mild scratches and abrasions, but do not add structural integrity. As a result, your truck remains vulnerable to dents and severe punctures.

BedBoss solves that issue. Made from a thick **19mm composite** material, it more than **doubles** the durability of your truck bed, to prevent costly damage.

Available Truck Options

Ford F-150

2021 - Present

RAM 1500 DT/DS

2013 - Present

Chevrolet Silverado

2021 - Present

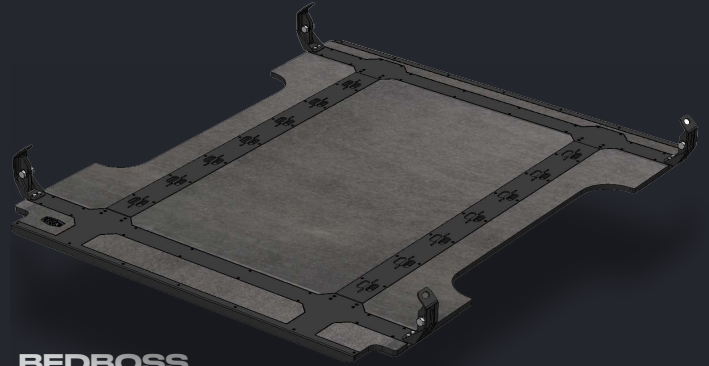

**More vehicle models are in constant development. For vehicle inquiries reach out to your sales rep.*

NO-DRILL INSTALL

BedBoss is securely installed via factory supplied D-rings. No drilling into the metal frame of your truck means **no rust, no hassle, and no value loss.**

FLEXIBLE TIE-DOWN POINTS

More than **triple the amount** of tie-down locations in your truck! Secure your tools, gear, toys and everything in between with complete freedom and peace-of-mind.

BEDBOSS FAQ

Is BedBoss easily removable for cleaning underneath it? How long would that take?

You can easily remove the BedBoss from the truck bed via four d-ring anchor points. Simply unscrew the bracket from the d-rings, lift the floor up, and clean underneath. This process should take no longer than 10 minutes.
